INSTRUCTIONS FOR VENDORS

Sale period

You can start selling your items on any day of the week. You can reserve a table by giving us a call or asking our shop assistant at the checkout.

Counter

You'll get a 90cm x 65cm double-decker counter for your items and a 1,20m long rod for your clothes. We'll provide you with coat hangers, you do not need to bring your own. You may have your most valuable items stored in the showcase behind the checkout upstairs. The fare for three weeks is 0,50€ per item. CDs, DVDs and video games that are in their cases (minimum price of 3e) will be stored at the checkout free of charge. Therefore only the cases will remain at your counter.

We have limited space for bigger items like furniture.

You can start filling your counter on the day before of your starting day. You can start two hours before the closing hour. If you wish to fill your counter on your starting day, you can start at 10.00am.

Emptying your counter and rendering of sales must be taken care of an hour before the closing hour on the last day of your sale period. **Otherwise we will automatically continue your**

reservation. We will charge 25 euros for emptying and cleaning up your counter.

Condition of the counter

It's suggested that you reorganize your counter throughout the week. Keep in mind that a tidy counter, clean and intact clothes and items will sell better. You can reinforce and bring new items during business hours. We have reserved adult-themed movies their own stand at a height set by the law.

Bigger items

We consider TVs, household appliances, bicycles, baby carriages and strollers, children's car seats and all furniture bigger items. If you have bigger items for sale, you'll receive price tags that are specifically for those items. Bigger items will have their own specific space, and the standard price of the counter does not cover the price of the sale of bigger items. The sale period is three weeks and we will charge counter-renters 20% of the sale and 25% of the sale from the others.

If your items don't get sold during these three weeks, you can pick them off. In this case we will not charge you for storing them. If items are left at the store after the sale period, we will deal with them in a way we see fit.

Price tags with bar codes

We use price tags that have bar codes. You may purchase your price tags at the checkout when renting a counter. Price of one label sheet (includes 33 price tags) is 0,50 €.

The price tags will automatically have a number, which allows you to keep track of your sales item by item. We will not collect the price tags. Each price tag belongs to a counter and they are all pre-numbered, so you will not need to write your counter number on them. **You must write title and price of the item on the tag.** You can place the price tags onto your clothes with a special textile pricing machine. You may borrow one from us.

You must place the price tags on your clothes carefully so that **they won't leave any marks** on any clothes when the tag is removed. If you change the price of any of the items, you must create a new price tag. If any of your items are defective, you must mention that on the price tags. Items without price tags and items that vendors have left at the store will be stored for a week and then resold.
